PREFACE.

THE average yearly prices for the years 1861—70 have been obtained from returns furnished by the Local Governments in 1872 for submission to Her Majesty's Secretary of State. For the years 1871-72 they have been computed from information periodically published in the Local Gazettes; and for subsequent years from the fortnightly quotations published in the *Gazette of India.*

The detailed information for years previous to 1873, which has been obtained from Local Gazettes, and which is not uniform for all provinces, has been embodied in an Appendix.
